American Laboratory

American Laboratory® is a platform that addresses basic research, clinical diagnostics, drug discovery, environmental, food and beverage, forensics and other markets, and combines in-depth articles, news, and video to deliver the latest advances in their fields.

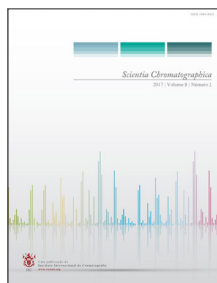

Featured Article: *New Transmission Electron Microscope Dramatically Expands Cryo-EM Access for Academia and Industry.* By Anke Mulder. Over the last several years, cryo-EM has revolutionized structural biology by enabling scientists to obtain high-resolution models of molecules that could not be uncovered using other approaches. Learn more on how cryo-EM is expanding access to academia and industry. [Read more](#)

LCGC

Chromatographyonline delivers practical, nuts-and-bolts information to help scientists and lab managers become more proficient in the use of chromatographic techniques and instrumentation, thereby making laboratories more productive and businesses around the world more successful.

Article: *Next-Generation Sorbent-Based Extractions with Metal-Organic Frameworks.* By Douglas Raynie. How do these extractions work, and where are they most useful? Take a look into the current state of the art. [Read more](#)

Scientia Chromatographica

Scientia Chromatographica is the first and to date the only Latin American scientific journal dedicated exclusively to Chromatographic and Related Techniques (Mass Spectrometry, Sample Preparation, Electrophoresis, etc.). With a highly qualified and internationally recognized Editorial Board, it covers all chromatography topics (HPLC, GC, SFC) in all their formats, in addition to discussing related topics such as “The Pillars of Chromatography”, Quality Management, Troubleshooting, Hyphenation (GC-MS, LC-MS, SPE-LC-MS/MS) and others. It also provides columns containing general information, such as: calendar, meeting report, bookstore, etc. [Read more](#)

Select Science

SelectScience® promotes scientists and their work, accelerating the communication of successful science. SelectScience® informs scientists about the best products and applications through online peer-to-peer information and product reviews. Scientists can make better decisions using independent, expert information and gain easy access to manufacturers. SelectScience® informs the global community through Editorial, Features, Video and Webinar programs. [Read more](#)

Spectroscopy

With the Spectroscopy journal, scientists, technicians, and lab managers gain proficiency through unbiased, peer-reviewed technical articles, trusted troubleshooting advice, and best-practice application solutions.

Interview: *Fundamental Research and Applications of ICP-OES and ICP-MS Toward Improved Understanding of Elemental Chemical Analysis* With John W. Olesik, who directs the Trace Element Research Laboratory in the School of Earth Sciences at The Ohio State University. [Read more](#)
