American Laboratory

American Laboratory® is a platform that addresses basic research, clinical diagnostics, drug discovery, environmental, food and beverage, forensics and other markets, and combines in-depth articles, news, and video to deliver the latest advances in their fields.

Going Hands-Free in the Lab: Using Extended Reality to Capture Data and Boost Productivity Scientists need hands-free methods to input data. Merge real-world lab with virtual contactless interfaces to improve data integrity, boost staff productivity, and elevate the overall scientific experience. [Read more](#)

LCGC

Chromatographyonline delivers practical, nuts-and-bolts information to help scientists and lab managers become more proficient in the use of chromatographic techniques and instrumentation. **Article: Enter the Matrix: Improving the Interpretation of Separations Data Using Chemometrics in Analytical Investigations** Paiva, A.C.; Teixeira, C.A.; Cardoso, V.G.K.; Ferreira, V.H.C.; Sabin, G.P.; Hantao, L.W. This article describes a compendium of chemometrics applications in separation science to demonstrate the importance and synergy of data handling. [Read more](#)

Scientia Chromatographica

Scientia Chromatographica is the first and to date the only Latin American scientific journal dedicated exclusively to Chromatographic and Related Techniques. With a highly qualified and internationally recognized Editorial Board, it covers all chromatography topics in all their formats, in addition to discussing related topics such as “The Pillars of Chromatography”, Quality Management, Troubleshooting, Hyphenation (GC-MS, LC-MS, SPE-LC-MS/MS) and others. It also provides columns containing general information, such as: calendar, meeting report, bookstore, etc. [Read more](#)

Select Science

SelectScience® has transformed global scientific communications and digital marketing over the last 23 years. Informing scientists about the best products and applications. Connecting manufacturers with their customers to develop, promote and sell technologies promotes scientists and their work, accelerating the communication of successful science. Scientists can make better decisions using independent, expert information and gain easy access to manufacturers. SelectScience® informs the global community through Editorial, Features, Video and Webinar programs. [Read more](#)

Spectroscopy

With the Spectroscopy journal, scientists, technicians, and lab managers gain proficiency through unbiased, peer-reviewed technical articles, trusted troubleshooting advice, and best-practice application solutions.

Podcast: Towards Safer Cannabis Consumer Products: The Importance of testing for Heavy Metals Covers how heavy metal contamination can occur during the entirety of the cannabis life cycle including: Cultivation and harvesting, Extraction and processing, Testing and measurement, and Finished Product. [Read more](#)
