### Scientia Chromatographica

*Scientia Chromatographica* is the first and to date the only Latin American scientific journal dedicated exclusively to Chromatographic and Related Techniques. With a highly qualified and internationally recognized Editorial Board, it covers all chromatography topics in all their formats, in addition to discussing related topics such as “The Pillars of Chromatography”, Quality Management, Troubleshooting, Hyphenation (GC-MS, LC-MS, SPE-LC-MS/MS) and others. It also provides columns containing general information, such as: calendar, meeting report, bookstore, etc. [Read more](#)

### Select Science

SelectScience® has transformed global scientific communications and digital marketing over the last 23 years. Informing scientists about the best products and applications. Connecting manufacturers with their customers to develop, promote and sell technologies promotes scientists and their work, accelerating the communication of successful science. Scientists can make better decisions using independent, expert information and gain easy access to manufacturers. SelectScience® informs the global community through Editorial, Features, Video and Webinar programs. [Read more](#)

### Spectroscopy

With the *Spectroscopy* journal, scientists, technicians, and lab managers gain proficiency through unbiased, peer-reviewed technical articles, trusted troubleshooting advice, and best-practice application solutions.

**Feature article:** *2022 Review of Spectroscopic Instrumentation.* Annual review of products introduced at Pittcon or during the previous year, broken down by the following categories: AAS, UV-vis, NIR, mid-IR, Raman, imaging, NMR, MS, accessories, and components. [Read more](#)
