SelectScience® Pioneers online Communication and Promotes Scientific Success

SelectScience® promotes scientists and their work, accelerating the communication of successful science. Through trusted lab product reviews, virtual events, thought-leading webinars, features on hot scientific topics, eBooks and more, independent online publisher SelectScience® provides scientists across the world with vital information about the best products and techniques to use in their work.

Some recent contributions from SelectScience® to the scientific community

VIDEOS

Using mass spec to maintain the health of livestock

Researchers at the Iowa State Veterinary Diagnostic Lab help to maintain the health of livestock by analyzing drug residue samples from various species, screening for many different compound. Access [here](#)

Detecting allergens using mass spectrometry

Detecting and identifying allergens within foods is incredibly important. Dr Phil Johnson from the University of Nebraska-Lincoln explains how mass spectrometry can be used to detect allergens, and how they ensure they are testing the correct peptides to identify allergens in food. Access [here](#)

WEBINAR

Transmission Raman: A versatile tool for pharmaceutical formulation development to end-product testing

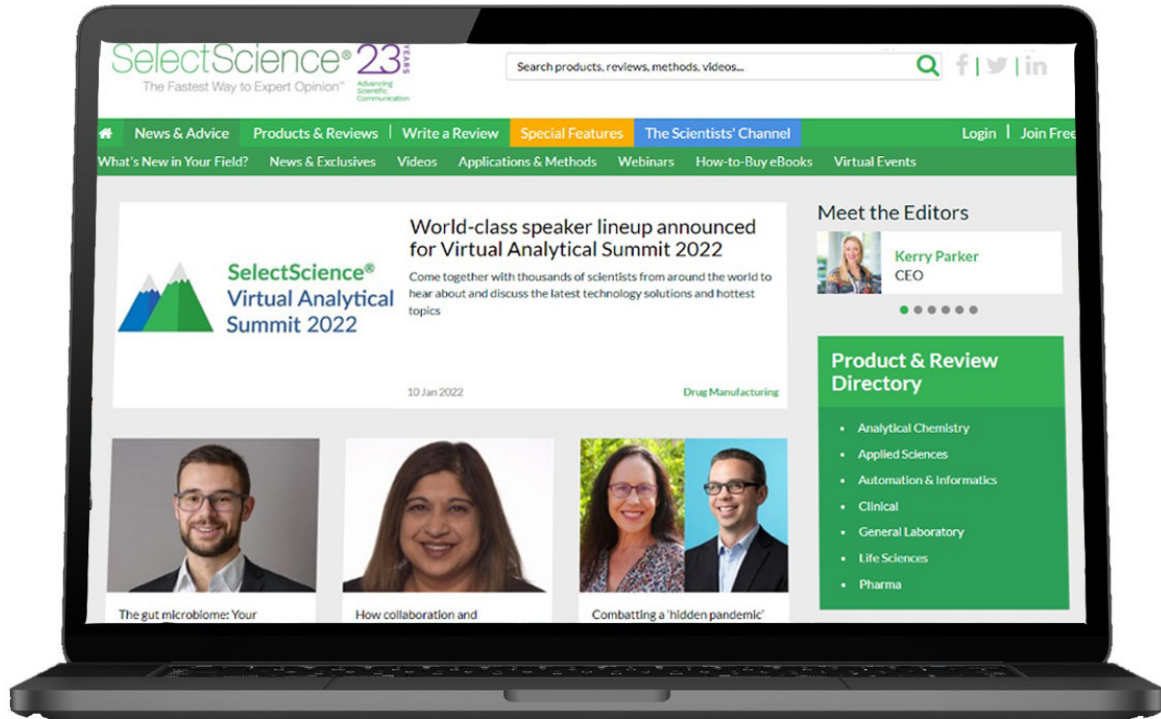

Transmission Raman is a versatile tool that presents fast, non-destructive bulk measurements of whole intact tablets, capsules, creams, vials, and well plates. This webinar explores the key pharmaceutical applications of transmission Raman spectroscopy. Access this webinar [here](#)

INDUSTRY NEWS

Inaugural open access issue of SLAS Discovery paves way for 2022

SLAS Discovery is an official journal of the Society for Laboratory Automation and Screening (SLAS). Volume 27, Issue 1 of SLAS Discovery is the first issue to be published Open Access in partnership with SLAS's new publisher, Elsevier. Access [here](#)

SelectScience® is the leading independent online publisher connecting scientists to the best laboratory products and applications.

- Working with Scientists to Make the Future Healthier.
- Informing scientists about the best products and applications.
- Connecting manufacturers with their customers to develop, promote and sell technologies.
