

## PERIODICALS & WEBSITES

### American Laboratory

American Laboratory® is a platform that addresses basic research, clinical diagnostics, drug discovery, environmental, food and beverage, forensics and other markets, and combines in-depth articles, news, and video to deliver the latest advances in their fields.

**Featured Article:** *Reducing Toxic Chemical Vapors in the Lab and the Basics of Proper Chemical Waste Storage.* Implementing new chemical safety habits will result in important safety practices becoming part of the success of the scientists in the laboratory, their health and the progress of science. [Read more](#)

### LCGC

Chromatographyonline delivers practical, nuts-and-bolts information to help scientists and lab managers become more proficient in the use of chromatographic techniques and instrumentation. **Point of View:** *Are we Greenwashing Analytical Chemistry?* Are analytical chemists really operating sustainable laboratories, or are they being too quick in marketing their “green” laboratory credentials? [Read more](#)

### Scientia Chromatographica

*Scientia Chromatographica* is the first and to date the only Latin American scientific journal dedicated exclusively to Chromatographic and Related Techniques. With a highly qualified and internationally recognized Editorial Board, it covers all chromatography topics in all their formats, in addition to discussing related topics such as “The Pillars of Chromatography”, Quality Management, Troubleshooting, Hyphenation (GC-MS, LC-MS, SPE-LC-MS/MS) and others. It also provides columns containing general information, such as: calendar, meeting report, bookstore, etc. [Read more](#)

### Select Science

SelectScience® has transformed global scientific communications and digital marketing over the last 23 years. Informing scientists about the best products and applications. Connecting manufacturers with their customers to develop, promote and sell technologies promotes scientists and their work, accelerating the communication of successful science. Scientists can make better decisions using independent, expert information and gain easy access to manufacturers. SelectScience® informs the global community through Editorial, Features, Video and Webinar programs. [Read more](#)

### Spectroscopy

With the *Spectroscopy* journal, scientists, technicians, and lab managers gain proficiency through unbiased, peer-reviewed technical articles, trusted troubleshooting advice, and best-practice application solutions.

**Feature article:** *Artificial Intelligence in Analytical Spectroscopy: Examples in Spectroscopy.* A sample library of selected references discussing the application of artificial intelligence (AI) in analytical chemistry and molecular spectroscopy is presented. [Read more](#)
