

## PERIODICALS & WEBSITES

### American Laboratory

American Laboratory® is a platform that addresses basic research, clinical diagnostics, drug discovery, environmental, food and beverage, forensics and other markets, and combines in-depth articles, news, and video to deliver the latest advances in their fields.

**Featured Article:** *Researchers Develop UV Light Method to Aid in PFAS Remediation Efforts.* A recent collaboration between scientists at UC Riverside (UCR) and Clarkson University in Potsdam, N.Y. has resulted in the development of a novel method to clean up PFAS contamination. [Read more](#)

### LCGC

Chromatographyonline delivers practical, nuts-and-bolts information to help scientists and lab managers become more proficient in the use of chromatographic techniques and instrumentation. *New Sample Preparation Products and Accessories for 2024.*

This yearly report on new products introduced in the preceding year, since March 2023, covers sample preparation instrumentation, supplies, and accessories. By Douglas E. Raynie and Mary Ellen P. McNally. [doi](#)

### Scientia Chromatographica

*Scientia Chromatographica* is the first and to date the only Latin American scientific journal dedicated exclusively to Chromatographic and Related Techniques. With a highly qualified and internationally recognized Editorial Board, it covers all chromatography topics in all their formats, in addition to discussing related topics such as “The Pillars of Chromatography”, Quality Management, Troubleshooting, Hyphenation (GC-MS, LC-MS, SPE-LC-MS/MS) and others. It also provides columns containing general information, such as: calendar, meeting report, bookstore, etc. [Read more](#)

### Select Science

SelectScience® has transformed global scientific communications and digital marketing over the last 25 years. Informing scientists about the best products and applications. Connecting manufacturers with their customers to develop, promote and sell technologies promotes scientists and their work, accelerating the communication of successful science. Scientists can make better decisions using independent, expert information and gain easy access to manufacturers. SelectScience® informs the global community through Editorial, Features, Video and Webinar programs. [Read more](#)

### Spectroscopy

With the *Spectroscopy* journal, scientists, technicians, and lab managers gain proficiency through unbiased, peer-reviewed technical articles, trusted troubleshooting advice, and best-practice application solutions.

**Article:** *An inside look at the implementation of AI in SERS.* By Will Wetzel. The integration of artificial intelligence with surface-enhanced Raman spectroscopy is poised to advance various fields such as biomedicine, environmental protection, and food safety. [Read more](#)
