American Laboratory

American Laboratory® is a platform that addresses basic research, clinical diagnostics, drug discovery, environmental, food and beverage, forensics and other markets, and combines in-depth articles, news, and video to deliver the latest advances in their fields.

Featured Article: *Researchers Develop New Electrolyte To Improve K-Na/S Battery Performance.* Columbia Engineering researchers have developed a novel electrolyte that improves the performance of K-Na/S batteries, which could provide a much-needed low-cost option for renewable energy storage. LCGC

Chromatographyonline delivers practical, nuts-and-bolts information to help scientists and lab managers become more proficient in the use of chromatographic techniques and instrumentation. *An Integrative Analytical Quality by Design (AQbD), Up-To-Date Greenness, and Whiteness Set of Tools for Evaluation of a Sustainable RP-HPLC Method for Regulated Products.* Hemanth Kumar Chanduluru of the SRM Institute of Science and Technology in Kattankulathur, India, discusses the many issues related to sustainability in analytical separation methods. [Read more](#)

Scientia Chromatographica

Scientia Chromatographica is the first and to date the only Latin American scientific journal dedicated exclusively to Chromatographic and Related Techniques. With a highly qualified and internationally recognized Editorial Board, it covers all chromatography topics in all their formats, in addition to discussing related topics such as “The Pillars of Chromatography”, Quality Management, Troubleshooting, Hyphenation (GC-MS, LC-MS, SPE-LC-MS/MS) and others. It also provides columns containing general information, such as: calendar, meeting report, bookstore, etc. [Read more](#)

Select Science

SelectScience® has transformed global scientific communications and digital marketing over the last 25 years. Informing scientists about the best products and applications. Connecting manufacturers with their customers to develop, promote and sell technologies promotes scientists and their work, accelerating the communication of successful science. Scientists can make better decisions using independent, expert information and gain easy access to manufacturers. SelectScience® informs the global community through Editorial, Features, Video and Webinar programs. [Read more](#)

Spectroscopy

With the *Spectroscopy* journal, scientists, technicians, and lab managers gain proficiency through unbiased, peer-reviewed technical articles, trusted troubleshooting advice, and best-practice application solutions.

Article: *Revolutionizing Dairy Safety: The Role of FT-IR Spectroscopy.* By Will Wetzel. In the review article, the authors highlight the Fourier-transform infrared (FT-IR) spectroscopy high throughput speed, minimal sample preparation, ease of operation, and low variable costs. [Read more](#)
