

## PERIODICALS & WEBSITES

**American Laboratory®** is a platform that addresses basic research, clinical diagnostics, drug discovery, environmental, food and beverage, forensics and other markets, and combines in-depth articles, news, and video to deliver the latest advances in their fields. **Webinar: *Exploring Stability and Flowability in Food and Beverage***. In this webinar, hear from Beverly Barnum, PhD and Viola Shen, MSc as they discuss exploring stability and flowability in food and beverage. [Access here](#)

### LCGC

Chromatographyonline delivers practical, nuts-and-bolts information to help scientists and lab managers become more proficient in the use of chromatographic techniques and instrumentation. ***New Sample Preparation Products and Accessories for 2024–2025***. By Mary Ellen P. McNally. This article reports on new products introduced at Pittcon this year and in the preceding year related to sample preparation instruments, supplies, and accessories. [Read more](#)

### Scientia Chromatographica

*Scientia Chromatographica* is the first and to date the only Latin American scientific journal dedicated exclusively to Chromatographic and Related Techniques. With a highly qualified and internationally recognized Editorial Board, it covers all chromatography topics in all their formats, in addition to discussing related topics such as “The Pillars of Chromatography”, Quality Management, Troubleshooting, Hyphenation (GC-MS, LC-MS, SPE-LC-MS/MS) and others. It also provides columns containing general information, such as: calendar, meeting report, bookstore, etc. [Read more](#)

### Select Science

SelectScience® has transformed global scientific communications and digital marketing over the last 25 years. Informing scientists about the best products and applications. Connecting manufacturers with their customers to develop, promote and sell technologies promotes scientists and their work, accelerating the communication of successful science. Scientists can make better decisions using independent, expert information and gain easy access to manufacturers. SelectScience® informs the global community through Editorial, Features, Video and Webinar programs. [Read more](#)

### Spectroscopy

With the *Spectroscopy* journal, scientists, technicians, and lab managers gain proficiency through unbiased, peer-reviewed technical articles, trusted troubleshooting advice, and best-practice application solutions. **Article: *Quantification of Adenine Residues in the PolyA Tail of Oligonucleotides Using Raman Spectroscopy***. By Nimesh Khadka. Raman spectroscopy emerges as a powerful tool for quantifying adenine in nucleic acid therapeutics, enhancing analytical efficiency and quality assessment.
