

Pittcon Conference & Expo

Pittcon is a catalyst for the exchange of information, a showcase for the latest advances in laboratory science, and a venue for international connectivity.

Pittcon is a dynamic, transnational conference and exposition on laboratory science, a venue for presenting the latest advances in analytical research and scientific instrumentation, and a platform for continuing education and science-enhancing opportunity. Pittcon is for anyone who develops, buys, or sells laboratory equipment, performs physical or chemical analyses, develops analysis methods, or manages these scientists.

Pittcon Awards

Honoring scientists who have made outstanding contributions to Analytical Chemistry

Each year, Pittcon provides a venue where scientists who have made outstanding contributions to laboratory science, analytical chemistry, and applied spectroscopy are honored.

Among these awards is the **Pittcon Heritage Award** which honors those visionaries whose entrepreneurial careers shaped the instrumentation and laboratory supplies community and by doing so have transformed the scientific community at large.

The award has been presented jointly with Pittcon since 2002 and is given out each year at a special ceremony during the Pittcon Conference and Expo. The recipient's name and achievements are added to the Pittcon Hall of Fame, which conference attendees can visit at the show each year.

Pittcon 2027 – Conference on Analytical Chemistry and Applied Spectroscopy

April 24-28, 2027

David L. Lawrence Convention Center

Pittsburgh, Pennsylvania, USA

Pittcon[®]
Conference and Exposition

Back in the 'Burgh!

April 24-28, 2027

Pittsburgh, Pennsylvania, USA

Forging Bonds of Steel. Registration Opens in the Fall.

Why Pittsburgh?

From Roots in Steelmaking to Innovative Technology

Meet the New Pittsburgh

- Heavily driven by advanced manufacturing, emerging technologies, healthcare, higher education, and university start-ups
- Over 29 colleges and universities, anchored by highly ranked research institutes like Carnegie Mellon University (CMU), Duquesne University, and the University of Pittsburgh (Pitt).
- Major academic and industrial disciplines include AI, Chemistry, Computer Science, Engineering, Health & Life Sciences, Materials Science, Medical Devices, Nanotechnology, and Robotics
- Corporate R&D headquarters of industrial leaders: Alcoa, Arconic, Calgon Carbon, Covestro, Kraft Heinz, PPG, U.S. Steel, Vitro, and many others
- U.S. Department of Energy (DOE) Government Labs: National Energy Technology Laboratory (NETL) and Bettis Atomic Power Laboratory

Pittcon 2027 Tracks

- AI & Data Analytics
- Bioanalytical & Life Sciences
- Environmental & Energy
- Forensic Science & Toxicology
- Instrumentation Innovations & Applications
- Materials & Nanoscience
- Pharmaceuticals & Biologics
- Professional & Career Development

So What is Pittcon?

Pittcon is a dynamic, international conference and exposition on laboratory science, a venue for presenting the latest advances in analytical research and scientific instrumentation, and a platform for continuing education and science-enhancing opportunity.
